EDMONTON, ALBERTA, TUESDAY, MARCH 8TH, 1904.

NO 57

LARGE RUSSIAN DEFEAT

Is Said to Have Occurred on the North Bank of the Yalu River near Anju. Russians Held Strong Position.

JAPAN SEIZES AN ISLAND CAPTURING SUPPLIES

The Russian Vladivostock Squadron Has Been Cut Off by the Vigilant Japs Who Have Moved Most of Their Fleet Away from Port Arthur. The Russian Troops May Retire from Corea.

[BULLETIN SPECIAL WAR SERVICE]

Fear a Secret Enemy

Vladivostock, March 7.—Last night passed quietly. The inhabitants and troops are in the usual high spirits. A strict search is being made throughout the town for Japanese. The police have posted placards on the walls offering rewards for information as to the whereabouts of Japanese and threatening with trial by court martial, any person found guilty of concealing them.

Council of War

St. Petersburg, March 7.—A special meeting of the Council of Ministers was called suddenly in the winter palace last night to consider measures to protect Vladivostock which was bombarded by the Japanese fleet yesterday.

Isolating Vladivostock

Rome, March 7.—That the Japanese fleet of five warships and two cruisers which bombarded Vladivostock on Sunday, had previously been engaged convoying a fleet of transports laden with Japanese troops which were landed on the islands on two sides of Vladivostock, is the news contained in a despatch from the correspondent of the Daily Mail at Chemulpo, Corea, and received here to-day. The troops were landed mainly on the island of Askold, 25 miles from the Vladivostock side of the harbor. Other transports under protection of the fleet embarked troops on the small island to the south east and directly opposite Vladivostock.

A Combined Attack.

Chemulpo, March 7.—The Japanese squadron in the Yellow Sea, a constant menace to the stronghold of Port Arthur has been sent to Vladivostock to reinforce the fleet there. The correspondent says it is believed a combined attack is to be made on Port Arthur and Vladivostock to-day.

New Warships in Action

The despatch adds that the Nielieu and the Kasagu, the two cruisers which were purchased by Japan from the Argentine Republic, and which recently completed the long journey from Italy to the far east, took part in yesterday's bombardment.

THE EDMONTON ROUTE.

A special meeting of the Edmonton city council was held yesterday afternoon to meet Mr. E. A. Paige, of the Free Press, regarding the advisability of advertising the Edmonton route to the British colony for intending immigrants, in preference to the Saskatoon route. Mayor Short and Councillors Person, Picar, Fraser and Ross were present. Councillor May regretted his inability to be present, but stated his endorsement of the scheme. Mr. Paige addressed the council on the question and laid the matter of distances and desirability of the different routes before the council. The distance to the site of the new colony from Saskatoon is 246 miles, from Edmonton 130 miles. It is seen that from a standpoint of mere distance the Edmonton route is decidedly the more favorable. The water route is easier, safer, quicker and more prac-

ticable than the long, tedious, overland route from Saskatoon. The benefits which will accrue to Edmonton from this large colony of three thousand and settlers, which will come out in about six weeks, embarking from here for Lloydminster, are so evident as not to require further mention. The council regarded Mr. Paige's proposition with a good deal of enthusiasm and decided to utilize a half page of the Saturday edition of the Winnipeg Free Press for four issues, commencing the 19th or 26th inst. A. D. D. was instructed to prepare a plan of a map for publication, showing the two routes, and the immense superiority of the Edmonton one.

In connection with the advertisement Mr. Paige is arranging for an extensive write up of Edmonton in an early issue of the Free Press. This early issue of the Free Press and Dramatic Society have received from Chicago the scenery for the opera, which will accompany it, will set forth

Edmonton's ability to handle this large British immigration. The Edmonton route is the most feasible one and no stone should be left unturned in the effort to have the immigrants utilize it.

"BULLETIN" WAR MAP.

With to-day's issue the Bulletin publishes, as a supplement, a map of the scene of the Russia-Japanese war. It is printed on good paper and if kept should serve as an excellent reference while reading the detailed accounts of the war's progress. The different countries, the treaty ports, and the railroads, completed, under construction, and proposed are all shown.

The Edmonton Operatic and Dramatic Society have received from Chicago the scenery for the opera,

The Chimes of Normandy, they will present in Robertson Hall about Easter. The magnificent scenery, obtained at a very large cost, testifies to the enterprise of the society. The large drop curtain is a particularly handsome production, thirty feet by fifteen feet. The scene shows a range of massive hills, the bases of which are washed by the blue waves of the ocean. On one of the hills is a massive and ancient Norman monastery. On the sea is shown two fishermen mooring their vessel. The wood and park scenes are splendid and strikingly realistic. The interior and wings scenery is particularly pleasing. The drapery and, tormentors are of the costliest production. To accommodate this elaborate scenery the stage in Robertson hall has had to be extended over five feet. Good progress is being made with the opera, under very efficient management.

J. T. BLOWEY

You will find some of the best things in châloners at this store ever brought into Edmonton. They are pieces of art furniture. They seem to take the popular fancy, and like them they are. We have a very heavy stock of furniture and carpets. Buy for two large ... so have an advantage. Come and see us.

TUESDAY, MARCH 8TH, 1904

THE STREET RAILWAY

The following article may be of interest to our readers at the present time.

In 1903 The Toronto Street Railway earned \$2,172,087.85. This

will give the other cities of Canada an idea of what their street railway franchise will some day be worth. The operating expenses left the net earnings at a million dollars. What a handsome profit from one franchise in a city of little over two hundred thousand inhabitants! It is difficult to realize what a million dollars of profit means unless one is accustomed to deal with large amounts. It means a five per cent, profit on twenty millions of capital. The common stock of the company amounts to \$6,600,000 and the bonds to \$3,473,373.33 or a total capitalization of about ten millions. The street railway is thus earning about ten per cent. on its stock and bonds, as the interests on the bonds is fixed, the common stock is earning more.

This million dollars of profit was somewhat as follows:

The City of Toronto	\$298,839
Dividends on common stock	322,546
Interest etc.	143,987
Contingent account	50,000
Profit carried forward	180,628

\$1,000,000
The city of Toronto gets certain payments on account of "paving charges" and a certain percentage of the gross receipts. This percentage grows with the receipts; on the first million it is eight per cent., on the second half million ten per cent., and so on until three millions are reached, and then it becomes twenty per cent. of all gross receipts over that amount. It is expected that in 1904 the amount paid to the city will equal the dividends paid to stock holders.

The present expectation of the company is that in 1921 the city will take over the plant and pay enough to retire all the bonds, which now amount to \$3,600,000. The suburban lines will then realize enough to pay off the common stock or pay dividends on this, now amounting to \$6,600,000. Perhaps the president and directors are sanguine in this matter, but Toronto is certainly making rapid progress.

The city's net profit for the year will be about \$200,000 and this should increase steadily. In addition, the fares are low as compared with most United States cities. In Toronto, adult fares vary from 3 1/8 cents to 4 1/6 cents; according to the class of tickets purchased, whereas in most United States the fare is 5 cents cash. Besides, the transfer system means a great saving to the people.

Montreal has an agreement similar to that in Toronto, but less favourable. The railway pays 4 per cent. of first million 6 per cent. on the next half million, and so on until three millions is reached, when the payment is fifteen per cent. In 1903 it paid the city of Montreal \$100,000 as compared with the Toronto company's payment of \$300,000 with smaller gross receipts.

Hamilton's agreement is better than Montreal's. The company pays 7 1/2 per cent. on gross receipts over \$175,000, up to \$200,000 and after that 8 per cent. in addition to a mileage. In 1903 Hamilton received \$22,491 from this source. Halifax gets 4 per cent. on gross receipts, and \$1,000 license fee; the total revenue last year from these two items was \$6,749.

In Ottawa, the city gets no per-

centage of gross receipts, but receives a mileage of \$450, which increases to \$1,000 in the case of permanently paved streets. In 1903 the revenue from this source was \$8,881.

In St. John, the situation is much the same as in Ottawa, the railway paying the city \$7,000 per annum in consideration of payments, repairs and other incidentals. In Victoria and other cities much the same system obtains.

The charters for the various street railways expire as follows:

Granted for	Expires
London, 50 years	1925
Halifax, 21 "	1916
Montreal, 30 "	1922
Ottawa, 30 "	1930
St. John, 40 "	1934
Toronto, 30 "	1921
Winnipeg, 1927	1927
Hamilton, 1928	1928
Victoria, 50 "	1938

Considering the recent and rapid development of electric street railway service, the Canadian cities have shown a remarkable degree of wisdom in dealing with this class of municipal monopoly.

LOCAL

—Why Smith left home will be performed by the same capable artists that played "What happened to Jones" on Friday and Saturday next, the 11th and 12th, under the local management of Howard Stutchbury.

—Rev. Father Leduc has returned from an extended trip to the east. Everywhere he went people were anxiously enquiring about Edmonton, the greatest interest being manifested in the future of our town. Rev. Father Leduc, as previously stated in the Bulletin, has made definite arrangements for the establishment of a large Roman Catholic college in Edmonton. It will be conducted by Les clercs du St. Viateur, who have established colleges in many parts of the world. The college will be classical and commercial in nature and will be built on a large piece of land specially purchased for this purpose between Seventh and Ninth streets, Hudson Bay reserve, north of Jasper avenue and south of the C. N. R. line.

—We understand that several prominent sports at Fort Saskatchewan, assisted by the sporting fraternity at Edmonton, are taking steps to petition the Dominion Government to establish an elk reservation in the Beaver Hills. There are supposed to be a band of 150 of these noble animals within twenty miles of Fort Saskatchewan, and it is the intention of the parties referred to, to do all in their power to have the elk protected by law and enclosed in selected parks. There is plenty of vacant land of a suitable nature in the vicinity of the Beaver Hills timber reservation.

PERSONAL

Dr. McIntyre returned last night from an extended visit to California.

Superintendent and Mrs. Constantine are in Edmonton to-day.

Wm Cranston, manager of Winnipeg theatre, arrived in town last night.

Jno. J. Mills returned last night from a trip to Manitoba points.

Kenny Elstachford returned to Edmonton last night.

SENATE APPOINTMENTWILSON, OF EAST ELGIN.
Gets a Seat in the Senate. Six
County Judges Appointed for
Ontario.

(Bullock Special Despatch.)

Ottawa, March 8th. At yesterday's Cabinet meeting, Dr. Wilson of East Elgin was appointed to the Senate. Wilson sat in the Commons from 1882 until defeated in 1891. It has been decided not to go on with the debate on the address until Monday next.

Six county Judges were appointed to day for Ontario. They are Dowling, Ottawa; Omeara, Pembroke; Donohue, St. Thomas; Douglas, Chatham; Mitchell, London; Hoekse Cobourg.

LIVE STOCK MATTERS

Important Resolutions of the Canadian Live Stock Association
Now in Session.
(Bullock Special Despatch.)

Ottawa, March 7th. At the annual meeting of the Canadian live stock association here to day. A resolution was passed in favor of live stock for each breed in Canada.

The Canadian Government was asked to regulate the importation of horses, cattle, sheep, and swine, and that animals for breeding purposes may be admitted free of duty when they are pure bred registered by the Dominion Government, or in the country in which breed originated and when owned by British subjects.

It was also decided that all records be amalgamated into one National record.

By-Law No. 258.

A BY-LAW is to provide for raising \$20,000 to be expended in extension of the electric lighting system of the Municipality. Whereas the Municipal Council of the Town of Edmonton, lately established a system of electric lighting for the Municipal buildings. Whereas it is the desire of the powers constituting upon the Municipality by the Municipal Ordinance (C.O. 1898, c. 70) the Edmonton Municipal Public Works Ordinance (Ord. 1900, c. 35) and the Ordinance of the Town of Edmonton (Ord. 1891, c. 92, No. 7 as amended by Ordinance 1900, c. 36).

And whereas the money therefore raised in connection with the premises have proved insufficient and it is expedient that the Municipal Council have the authority to provide for the purpose of extending the operations of the said system of electric lighting, an additional sum not exceeding \$50,000.

And whereas it is expedient that the sum mentioned, if such authority is accorded should be payable during the period of twenty years from the date of debentures to be issued therefor, and should bear interest at the rate of six per cent per annum, and either (1) that the same should be re-payable in such manner that each instalment of principal and interest shall be equal in each year of the said period of twenty years, or (2) that the same should be re-payable in such manner that each instalment of principal and interest shall be equal to the amount of twenty years from the said date (provision to be made for the non-payment thereof by the creation of an annual sinking fund) and the interest annually.

And whereas it is expedient that the by-law also provide for the payment of interest on the principal of the debt as and when due.

Now, therefore, the Municipal Council of the Town of Edmonton duly assembled, enacts as follows:

(C) The Mayor and Secretary-Treasurer of the Town of Edmonton are hereby authorized and empowered to borrow, for the purpose of raising the sum or sum of money not exceeding in the aggregate \$50,000, and to issue one or more debentures for the payment of the same so borrowed.

(C) The debentures shall be paid during a period of twenty years from the date of the issue of such debenture or debentures, and shall bear interest at six per cent per annum, and shall be the Mayor and Secretary-Treasurer shall deem expedient, be repayable in such manner that each instalment of principal and interest shall be equal to each year of the said period of twenty years, or (2) such manner that each instalment of principal and interest shall be equal to the amount of twenty years from the date of the issue of such debenture or debentures, as the case may be, payable in such year in respect of the said principal sum, and the interest annually during the period of twenty years, and shall be between the interest aforesaid.

(C) This by-law shall take effect on the 1st day of May next.

(C) The officers of the trustees and agents of this by-law shall be taken as the Council Committee of the F. & M. Co. in the Town of Edmonton on Wednesday evenings, and the same shall be known as the F. & M. Co. in the Town of Edmonton, and the same shall be between the hours of 9 a.m. and 5 p.m.

(C) George Johnstone is hereby appointed to be the manager of the Edmonton City Building Office to take the place at the time as a place of business.

(C) The said Council Chamber at the hour of 9 a.m. on the said 20th day of March, A.D. 1904 is hereby directed to be the place of meeting of the Returning Officer shall sum up all the votes given for or against this by-law, and the result of the same shall be known as the 10th day of March, A.D. 1904.
